Presidents Letter

By Chris Taylor

Thank you to everyone that came out to last month's meeting at The Immeasurable Chicken and Waffle. We had over 40 people in attendance and signed up an additional 12 members to our association. At this point, we have 113 members in the association. That is an incredible number of people and it makes us one of the biggest associations in the city. Remember, every January we have to start from zero, which makes our numbers even more impressive.

When community members call me and ask for assistance whether it's about a trash problem, a problem property, or any other general concern, I am able to successfully fight for our community because of these numbers. The more people I have behind me, the more the city officials will listen and assist us with our challenges. Please continue to come out and show your support. Being a member of the association is the greatest thing you can do to help.

To encourage our continued growth, we are asking that all members bring a friend or neighbor that is not already a member. These new members will get the last two months of the year free!

This month's meeting will be back at our regular location at 1401 Hollins St. A representative from the Bio Park will be there to discuss their progress and future plans.
